

Milwaukee Paintball @ The University of Wisconsin – Milwaukee

About the team

The tournament paintball club at the University of Wisconsin – Milwaukee was formed in the fall of 2007 during the school year. We began the club with the ultimate goal of competing in national tournaments on the college level. Through various forms of recruitment, we were able to put together a solid roster of experienced players for 5-man tournaments held by the National Collegiate Paintball Association (NCPA). We were able to compete in our first NCPA event on February 23rd 2008. The team is now growing, and we have high hopes for the future.

Team Objective

As a college team, we want to show our school, both students and administration, that the sport of paintball is a fun and exciting way to learn various skills such as teamwork and communication. We also want to put the University of Wisconsin – Milwaukee on the map in both the Midwest-North NCPA division, as well as nationally in the entire NCPA league.

We plan on achieving this objective in many ways. During the season, we are committed to practicing every weekend. We take practices very seriously, and take the chance to play the best teams in the area in order to get better. Off the field, we plan on holding various fundraisers and events on campus to show the student body what the sport of paintball has to offer. Everything we do as a team will show off the sport in a positive light.

Team Expectations

As a college team, we not only represent ourselves and sponsors, but we also represent the school we are from. With this in mind, professionalism is in each and every one of us. We illustrate this on a daily basis not only on the paintball field, but in our school work, jobs, and social lives. We strive to represent ourselves and our sponsors in a positive and professional light.

Milwaukee Paintball @ The University of Wisconsin – Milwaukee
